

SIGNING REQUEST POLICY

The Town of Westboro has the right to regulate signs in its road right of way. Municipalities, companies, or persons wanting to place a sign in the town right of way must submit a written request to the Westboro Town Board and receive written permission from the Board before placing a sign.

The Town of Westboro has no responsibility to replace or maintain any sign under this request. Signs are the responsibility of owner and any damages or injuries caused by signs are the sign owner's responsibility.

Signs must be placed, not to interfere with road maintenance, vision problems, or snow removal. If a problem is created, the sign placement will be reviewed by the Town Board. The Town Board has overall authority on where, when, and the type of sign to be placed.
